

Innovative, Customised, Engineered Products.

Compsoft system with permeate tank, pump, degasser and EDI: 1200 lph @ 15 megohm

EURAQUA UK

Custom Duplex RO and heated permeate storage tank

EURAQUA UK

PRETREATMENT SKIDS

EURAQUA UK

10 M3/H UF SYSTEM, PLC CONTROLLED WITH ANCILLIARY PUMPS ON SKID

EURAQUA UK

RoPro 8-200 with CIP

10-12M3/H 'full size' with CIP

EURAQUA UK

Double Pass RO

Left – with pH correction. Right – with degas membrane

EURAQUA UK

RoPro 8-203K with CIP

10m³/hr

Compact
footprint,
with CIP

EURAQUA UK

UF SYSTEMS

EURAQUA UK

3000 LITRE TANK, HEATER & PUMP SET

Built to operate with a pair of R.O.s

Steam heated 175kW
immersion coil with removal trolley

20,000 lph ring main flow

EURAQUA UK

**55" 2800 litre
duplex softener
with air actuated
ball/butterfly valves
on frontal manifold.**

EURAQUA UK

48" reduced height Multi Media filters air actuated ball/butterfly valves on frontal manifold

CUSTOMISED PRETREATMENT SKID

EURAQUA UK

10M3H SOFTENER WITH 2M3 RAW WATER STORAGE & DELIVERY PUMP

EURAQUA UK

10M3H MOVEABLE SOFTENER WITH OFF SKID BRINE TANK

EURAQUA UK

COMBINED SYSTEMS

**1500 LPH
RO with pre-
softening, GAC
filtration,
softened storage
and
duty/standby RO
pumps**

EURAQUA UK

5 M3/H UF SYSTEM, PLC CONTROLLED

**48" GAC filter
with motorised
ball valves on
frontal manifold,
fill/emptying ports &
differential pressure
switch**

EURAQUA UK

Containerised UF Oil Separation System

EURAQUA UK

RO 1500L SS CIP RO 500L RMT CIP

Double Pass RO – 1800 lph

EURAQUA UK

RO with CEDI

600 lph @ 15 megohm

EURAQUA UK

SMALL COMBINED SYSTEMS

**Duplex 30/40 litre
softener, 600 lph RO**

**Duplex 30 litre
softener, 250 lph RO**

**Above: Simplex 25 litre softener,
200 lph RO with 25 litre polisher
Left: Duplex 50 litre softener
1200 lph RO**

Compsort systems with permeate tanks and pumps

EURAQUA UK

30 lit duplex softener, 300 lph RO system with transfer pump sets and heated hot well

EURAQUA UK

'PABLO' Packed Bed Managed Load Softener

EURAQUA UK

OZONATED WATER SYSTEM FOR BOTTLED WATER AND PROCESS APPLICATIONS

**Uses same reliable
Ozone generators
and air preparation
units as Euraqua's
other CE certified
systems.**

EURAQUA UK

RO 200L CIP

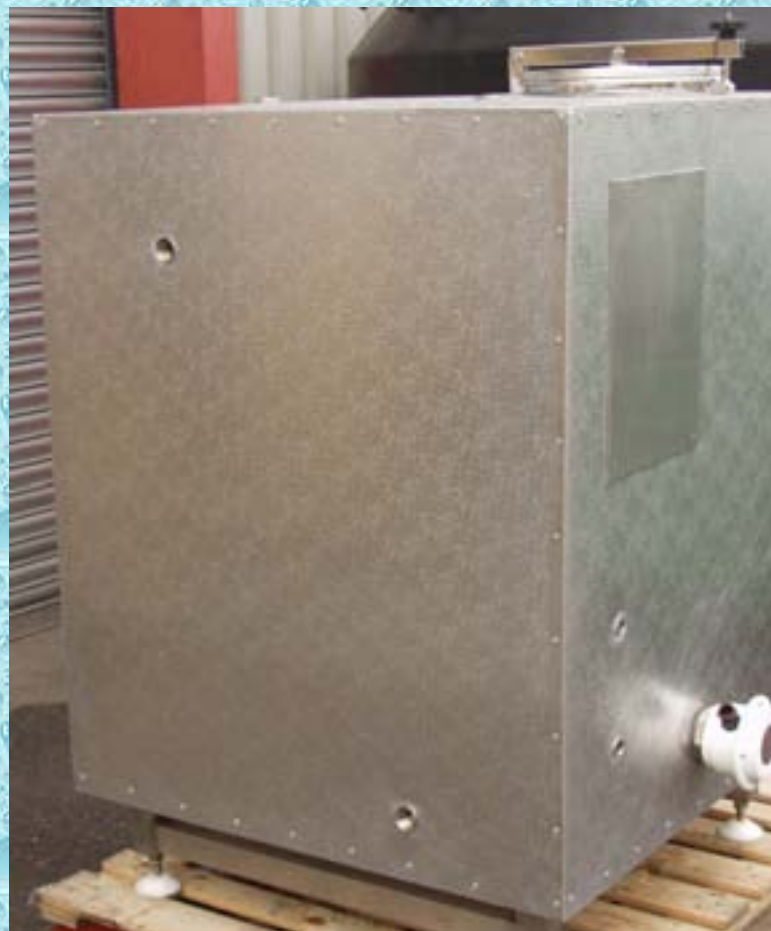

Left: With PE tank

Right: With stainless steel tank

EURAQUA UK

Special 500 lit WV hot well for boiler feed

EURAQUA UK

Compact C6000 RO

Left - C6000
600-800 LPH
system

Right - B4000
Budget 400-
500 lph
system

Budget B4000 RO

EURAQUA UK

RoPro 4-38 2000 lph

**The highest output
model in standard 4”
membrane series
reverse osmosis
systems**

EURAQUA UK

RoPro 4-38 DW

2000 lph

**Tapered array with
'low fouling'
membranes for
recovering swimming
pool backwash water.**

**Basic design can be
used for high output
tapered arrays with 4"
membranes**

RoPro 8-50 2500 lph

Base model in
standard 8"
membrane series
reverse osmosis
systems

EURAQUA UK

RoPro 8-103K

5m³/hr

**Very compact
footprint**

EURAQUA UK

RoPro 8-300 & 8-400

8-300 16m³/hr

8-400 20m³/hr

EURAQUA UK

**What can we do to help *your*
business grow?**
